De Rust Grass Carp hatchery: Bonnievale, Western Cape

This letter certifies that the above hatchery and supplier of sterile / triploid grass carp *Ctenopharyngodon idella* has complied with the following requirements:

1. A positive Record of Decision was issued by the Department of Environmental Affairs and Development Planning (DEA&DP), Western Cape to the above aquaculture facility.
2. The Operational Environmental Management Plan dated 25 February 2008 was approved by DEA&DP on 2 June 2008.
3. Fish for sale are tested for parasites and diseases by the Directorate Veterinary Services, Western Cape who issue an annual Health Certificate.
4. Fish for sale are regularly tested by CapeNature personnel to confirm their sterility.
5. All fish for sale are individually marked to certify their sterility.

CapeNature therefore supports the production and sale of sterile grass carp from De Rust for the 2009/2010 financial year (i.e. until 31 March 2010).

Yours sincerely
